

BLACK CASTOR OIL

Suitable for beauty and personal care applications.

INCI: Ricinus Communis (Castor) Seed Oil

Extraction: Roasted, Boiled and Expeller Pressed

Shelf Life: 2 Years

Origin: India

Background:

For centuries, Black Castor Oil has been claimed to be the secret to thick, luxurious, shiny hair in Africa and Jamaica.

Although it is extracted from the same castor seeds as pale pressed castor oil, Praan Naturals Black Castor Oil is authentically produced by roasting the castor seeds prior to grinding. The seeds are then boiled to extract the dark oil. Roasting the seeds increases the ash content and lends a rich, dark hue to the oil. No solvents or chemicals are used to produce Praan Naturals Black Castor Oil.

After production, Praan Naturals Black Castor Oil is then carefully packaged and stored to maintain the purity, freshness and beneficial properties of this nutritive oil.

Uses:

Praan Naturals Black Castor Oil nourishes and moisturizes the scalp while supporting healthy hair growth. It is suitable for all hair types including chemically treated and heat damaged hair. Black Castor Oil helps restore moisture balance to dry, brittle and damaged hair, leaving it shiny and manageable.

Praan Naturals Black Castor Oil is a highly versatile oil that may also be used as a rich, emollient oil for dry, chapped skin or as a rejuvenating scalp massage oil. It is suitable for use in leave-in or rinse-off hair conditioners, moisturizing balms and other intensive moisturizing formulations.

Black Castor Oil is Perfectly Suited for the Following Personal Care Applications:

- Skin Care
- Lip Care
- Hair Care
- Cosmetics
- Aromatherapy
- Scalp Massage

Black Castor Oil Properties:
